

TROOPS LOYAL

TO YOUNG TURKS ARE
READY TO MARCH
ON KIOSK

There to Force Immediate
Abdication of Sultan
From Throne.

NEW MINISTRY
IS TOTTERING.

Two American Missionaries

Fighting Fire.

Adequate Steps Have Been
Taken to Preserve
Public Order.

Turkish troops loyal to the Young
Turks and determined to enforce
the political aspirations of the re-
formers are rapidly concentrating
upon Constantinople and threatening
to march into the city and force the
sultan to abdicate unless constitutional
government is given full recognition.
Yildiz Kiosk, the residence of the
sultan, is their objective. No
resistance is expected, and steps are
being taken by the Young Turks to
protect the lives and property of for-
eigners and Christians. The nearness
of the expected victory of the
Young Turks is evidenced by the fact
that they and not the authorities at
Constantinople are giving assurances
of protection and the maintenance of
order.

The advance guards of the Consti-
tutionalists is at Kutchuk, ten miles
from Constantinople on the sea of
Marmora. It is possible to reach
Yildiz Kiosk by sea from Kutchuk,
thus avoiding the passage of the sol-
diers through the city proper. The
remainder of the forces of the Young
Turks, estimated at some twenty
thousand men, and rapidly increasing
in numbers, is at Tchatalja and other
nearby points within forty miles
west of Constantinople by rail. Tchatalja
is the key to the girdle of
fortifications around the capital.

These troops have come mostly
from Salonika, the home of the third
army corps, which always has sup-
ported the Young Turks in their de-
mands for constitutional reform.
They are acting with dignity and
determination and their concentra-
tion is proceeding in an orderly man-
ner and with every indication of pre-
paredness. They declare they have
no idea of waging a fratricidal war
but they are determined that the con-
stitution be observed. They are pre-
pared to go to extremes should it be-
come necessary. One of their com-
manding officers said to a squad of
the pacification committee that came
out to parley:

"Have you brought the head of the old
man? We cannot negotiate so long
as you come without that head."

The indications are for a success-
ful and bloodless victory for the
Young Turks but the situation is ex-
ceedingly serious and contains the
possibility of rioting and massacre,
particularly should the advance of
the Young Turks be delayed. Public
opinion is favorable to the Young
Turks and is growing rapidly in the
capital and while it looked last week
as though the reactionaries were
maintaining the upper hand, the
Young Turks have gathered their
forces and have received many evi-
dences of support from all races and
almost every section of the empire.

They declare that the uprising on
the part of the Constantinople garri-
son six days ago resulted in the resig-
nation of the cabinet was no na-
tional movement and that it was not
even religious and that every coun-
ter revolution will be suppressed in
favor of the constitution.

It is reported that the sultan, seeing
the hopelessness of the situation,
has sent his chamberlain and his sec-
retary to the grand vizier with orders
that the government make peace
with the Young Turks on any terms
in order to prevent general blood-
shed.

The Turkish warships stationed at
Smyrna are loyal to the Young Turks.
Orders have been issued for both
French and German warships to pro-
ceed at once to Turkish waters.
The houses of Paris and Berlin
showed confidence today that the
Young Turks would have an easy and
rapid victory.

Constantinople, April 19.—It is ex-
pected in Constantinople this morn-
ing that the main body of the troops
loyal to the Young Turks that have
been concentrated outside of Constantinople
will begin soon to march across
country on Yildiz Kiosk with the
object of forcing the abdication of
the sultan.

The troops loyal to the Young
Turks continued their advance on
Constantinople last night and it is
believed here they soon will occupy
Makrioni, a town ten miles of the
main body. One is composed of
four men, half of whom are officers.
These two columns are expected to
occupy Pera and Galata, the foreign
and official quarters of Constantinople
as soon as possible to protect for-
eigners in the event of rioting.
Many of the troops in Constanti-
nople favor the Young Turks, and
resistance hardly expected.

FATAL

Revival of the Old Fading Red
Memory.

New York, April 19.—The
soldier had accidents which used
to be common some years ago
before the patent beds were as
well constructed as now, caused
the death of James F. Maher, a
teacher, in Williamsburg
yesterday. Lying the night be-
fore he began to rise as if pushed by
an unseen hand, pinning both
Maher and his wife, despite their
struggles and efforts to relieve
themselves. A son, who was
sleeping on the floor above,
heard his parents' cries and ran
to their assistance, but before
he could extricate them, Maher
expired. Mrs. Maher was taken
out unconscious. She is little
the worse for the experience.

American vice consul at Meraina,
John Debbas, reports that disorders
at Adana are quieting down.
The two American missionaries,
D. M. Roger and Mr. Maurer, were
killed Thursday afternoon, while at-
tempting to extinguish a fire in the
house of an aged Turkish woman.
They were shot dead. The missions
at Adana and Tarsus are now re-
ceiving protection.

Meraina is anxiously awaiting re-
lief. The killed at Adana are esti-
mated at more than 1,000, but no
particulars of the massacre are yet
available.

Disturbances have occurred also at
Marash, a city of about 50,000 peo-
ple in the vilayet of Aleppo, and
about 30 miles east of Alexanderetta.
It is reported that about sixty per-
sons were killed or wounded there.

The American embassy is without
any information concerning the re-
ported arrest here yesterday of
George N. McCain, an American from
Colorado Springs.

Berlin, April 19.—A German
squadron composed of the cruisers
Gosenen, Luvbreck, Setten and
Berlin has been ordered to Constanti-
nople. The vessels sailed this after-
noon. They will be joined in the
Mediterranean by the cruiser Ham-
burg.

Vienna, April 19.—A despatch re-
ceived here from Constantinople says
that the priests sent out to parley
with the Young Turks at Tchatalja
were whipped and driven away.

The leaders of the Young Turk
forces have issued orders that the
lives and property of all foreigners
and Christians in Constantinople be
adequately protected.

London, April 19.—The Macedo-
nian troops intend to enter Con-
stantinople today and enforce their
demand for the abdication of the sultan.
The new ministry is tottering.

It is believed that adequate steps
have been taken to guarantee public
order.

The foregoing statement was re-
ceived in London today in a code
message from Constantinople. It
was sent by the local agent of a well
known banking firm.

Boston, April 19.—A cable dis-
patch in effect a cry for help from
the scene of the massacre at Adana,
where D. M. Rogers and Mrs. Maurer
perished, has been received by the
American board of commissioners for
foreign missions here. The mes-
sage, tragic in its brevity is as fol-
lows:

"Help, Adana. 'CHAMBERS.'
(Signed)
This was from the Rev. William
Chambers, the resident missionary
of the board at Adana. Convinced
that the help requested must be
prompt Secretary Barton notified the
officials of the state department at
Washington of the appeal.

Berlin, April 19.—In a dispatch
from Constantinople the correspond-
ent of the local Anzeiger says:
"The situation is extremely dan-
gerous. A general massacre can be
prevented only by the speediest suc-
cess of the Salonikan troops. The
Liberal-Unionists at last understand
to what purpose the Yildiz Kiosk
used them, and as a result they are
partly down cast and partly incen-
died against the palace. The sentiment
of the troops in the city is turning
strongly against the palace."

The movement of the troops loyal
to the Young Turks to Tchatalja
appears to be proceeding with the
greatest order. Everything was plan-
ned before hand in exact detail.
Tchatalja is the key to the girdle of
fortifications around the capital.
Four military trains arrived there
Sunday morning. Murkhar Bey is
in command of the advance guard of
the Salonikanians.

The troops which arrived at Spar-
takule Saturday afternoon under the
command of Nisi pasha proceeded last
night to Kuretkuk and Tchekmedje,
where it is believed they will await
the coming of reinforcements. They
will then embark on vessels and
avoiding Constantinople march
direct to Yildiz Kiosk. Many of these
have deserted and joined the Saloni-
kians.

"Izzet Pasha, chief of the general
staff, went with ten officers yester-
day afternoon to Kutchuk and
Tchekmedje, ostensibly to pacify the
soldiers. But persons well informed
say that his real purpose was to
transfer the entire general staff to
the Salonikanians."

The foregoing dispatch to the Lok-
al Anzeiger came out of Constanti-
nople by way of Smyrna. The Turk-
ish warships stationed at Smyrna are
loyal to the Young Turks.

A military writer in the Anzeiger
says it will require two or three
weeks for the Young Turks to trans-
port the Third army corps to a posi-
tion in front of Constantinople but
the defeat of the third corps before
its concentration is impossible. The
sultan will have time to make pre-
parations to meet the Salonikanians.

LORD BERESFORD'S LAST DAY ON HIS FLAGSHIP

Lord Charles Beresford, who retired last night as commander of the great fleet of England, had been in active service in the British navy only a few months less than fifty years.
Lord Charles took leave of his fleet in Portsmouth Roads on March 23. He then left on board his flagship, the King Edward VII, arriving at Spithead that night. The next morning his ship arrived at Portsmouth, whence the retiring commander went to London, where a great popular demonstration was given in his honor. Just before leaving the King Edward VII, a picture of Lord Charles and his staff and the officers and men of the flagship was taken. Lord Charles was born in 1859 and entered the navy in 1878, when thirteen years old.

BRYAN

Misses Train While Dickering
For a Horse He Liked.

Memphis, Tenn., April 19.—
While enroute from Hot Springs
to Conway, Ark., the home of
Governor Donaghy, William J.
Bryan saw a horse he wanted. In
five minutes the Conway recep-
tion was forgotten and Bryan
was deep in a horse trade. Ne-
gotiations failed, but while they
were in progress the train for
Conway had gone. A friend
came to the rescue with an auto-
mobile and Mr. Bryan arrived in
time to make the address.

LOVED IN THE PAST

Your Present Affinity is One
You Met and Loved in
Ages Gone.

GAZE INTENTLY
INTO HER OPTICS

And Your Indirect Memory
Will Reveal Her as an
Old Flame.

Chicago, April 19.—"When two
fall in love, these two souls have
met and loved each other in past
lives. That is the solution of many
of the strange matings among men
and women." So says Mr. Jinaraj-
das, of Colombo, Ceylon, who is
here to give a series of free lectures
for the Chicago theosophical society.

"Another proof of reincarnation,"
he says, "is found in the strong an-
tipathies people form for each other.
Instinctively some men and some
women repel us. We are at a loss
to understand until we realize that
we have known them in other lives
and that this antipathy is the result
of indirect memory."

HEAVY DAMAGE
BY RAIN STORM.

Grand Rapids, Mich., April 19.—
Heavy damage was done last night
by a terrific rain storm which visited
Western Michigan. Hundreds of
highway bridges were washed away
and miles of fences are down. Road-
ways are washed away and in several
places the water is up to the level of
the Pere Marquette tracks. The Kai-
amasoo and Black rivers are far out
of their banks and rising. There
has been heavy damage near Zea-
land and Hudsonville.

GREAT CANDLE

BUILT BY MAN WITH
WHOM PETROSINI
ONCE LIVED

When a Boy is Destined to
Burn Four Years and
Seven Months.

FIRST PLACED
IN CATHEDRAL

But Threats to Dynamite
Church Cause it to
be Removed.

Widow Will Forward it to
Husband's Old Home
in Italy.

New York, April 19.—The largest
candle ever manufactured is destined
to burn four years and seven
months in memory of Joseph Pet-
rosini, the New York detective, who
was assassinated while on a secret
mission to Italy. It was finished
the day Petrosini's body reached
America and was sent to the cathe-
dral in Mort street, where the
funeral took place a few days later,
and where it was designed that the
great candle should burn in mem-
ory of the slain officer. But threats
to dynamite the church if the
candle was kept there were received,
and it was hurriedly returned to
the firm which made it. It now
awaits the disposal of the widow,
who is making arrangements to
have it sent to her husband's birth-
place in Italy.

The candle is nine feet high and
three feet six inches in circumfer-
ence. It weighs 187 pounds, and is
almost completely covered with 148
gold leaf. It is a composition of
Austrian beeswax, to which a slow
burning substance has been added.
It cost \$450 and is the present of
the manufacturer, in whose home
Petrosini lived when a boy. They
have computed that it will burn four
years and seven months.

NINETY

Out of Hundred Counties in Vir-
ginia Already Dry.

Richmond, Va., April 19.—
With ninety out of 100 counties
in Virginia already dry the pro-
hibition forces are preparing to
attack Richmond, Petersburg,
Newport News, Norfolk and
Portsmouth, the only remaining
license cities in the state. In
fact the campaign has already
begun in Petersburg and tide-
water cities. An effort will be
made to close the saloons by
means of local option elections,
failing in which the temperance
crusaders will endeavor to pass
a state wide prohibition law.

CROSSED THE FLOOD

To Join With Her Co-Work-
er Mother Stewart in
Giving Praise

FOR FRUITAGE
OF THEIR LABOR.

Mrs. Strother, Pioneer Wo-
man in Temperance Work
Buried Today.

Findlay, O., April 19.—Mrs. Sarah
A. Strother, one of the pioneer tem-
perance workers in Ohio, died here
Saturday in her ninetieth year. She
was conscious to the last and ex-
pressed a willingness to go to the
better world since temperance had
taken such a prominent part in the
world's history.

Mrs. Strother was born in Glards-
town, W. Va., and at the age of 17
years took the pledge, which to her
dying day she never broke. She was
of English- Welsh extraction. In
1831 Mrs. Strother joined the Meth-
odist church at Zanesville, Ohio, and
later transferred to this city.

Temperance work claimed most of
Mrs. Strother's attention, she being a
charter member of the Daughters of
the Temperance, and also assisted in
the organization of that state association
at Springfield, Ohio. In nearly all
of her work she was assisted by
Mother Stewart, of Springfield, who
died but recently. Mrs. Strother
took a very active part in the cru-
sade of 1874 and she soon became a
stark character. She was the moth-
er of three children, and two survive,
Mrs. Eva Strickler, of Collins, Ohio,
and Mrs. John Shuck, of this city.

The Woman's Christian Temper-
ance Union in Northwestern Ohio
will hold a memorial meeting soon.
The funeral took place this morn-
ing.

Pittsburg, April 19.—Charles F.
McClinton and H. B. Impoff, business
men, were probably fatally injured
today when an automobile in which
they were speeding on Grant boule-
vard ran into a pile of dirt. Mc-
Clinton is internally injured while
Impoff's skull is fractured. A third
man, supposed to have been a chauff-
eur, was injured at the same time,
but disappeared, leaving the two in-
jured men unconscious.

"MOTHERS' DAY"

May 9th Will Be Widely Cele-
brated in Nation.

Chicago, April 19.—The
white carnation emblem of
"Mothers' Day" will be widely
worn in Chicago, May 9. It will
be the city's first observance of
the day created in honor of
"Mothers' Day." This observ-
ance will be held in churches and
hospitals. General Henry M.
Kevins, commander-in-chief of
the Grand Army of the Republic,
and Edgar Allen, Jr., command-
er-in-chief of the Sons of Vet-
erans, have issued requests to
posts throughout the west ask-
ing that all members wear a
white carnation.
"Mothers' Day" has been set
aside as an official state holiday
by Governor Veasy, of South
Dakota.

GETTING READY
FOR THE SCRAP.

Washington, April 19.—Continu-
al hall was packed to the doors today
when the eighteenth congress of the
Daughters of the American Revolu-
tion convened. The sessions will last
throughout the week. The hall, cap-
able of holding fifteen hundred per-
sons, was wholly insufficient to ac-
commodate the vast throng desiring
to gain admittance. As Mrs. Donald
McLean, the retiring president gen-
eral, was escorted to the platform by
a number of charter members of the
organization she was accorded an
ovation. On the rostrum was Vice
President Sherman, Ambassador Jus-
serand, Judge Henry Stockbridge,
president general of the sons of the
American Revolution. Dr. Edwin
Everett Hale, the Rt. Rev. Alfred W.
Harding, bishop of Washington, and
Representative J. Nevitt Sizer.
Mrs. McLean delivered her open-
ing address which was followed by
the vice president, Ambassador Jus-
serand and Judge Stockbridge. In
behalf of the Daughters Mrs. Stock-
bridge replied to the address of wel-
come by Mrs. McLean.

BROKERS KEEP
THEMSELVES HID.

New York, April 19.—Lindsay
Russell, receiver for Ennis and Stop-
pahl, the defunct Consolidated ex-
change brokerage firm, is authority
for the statement that both Ennis
and Stoppahl have been in hiding in
Brooklyn since the failure. Both
dropped suddenly from public notice
just before the crisis came and the
receiver has greatly desired an inter-
view. "I have been in communica-
tion with representatives of Mr. En-
nis and Mr. Stoppahl," said Mr. Rus-
sell, "and I hope that there will be
developments today. I have also
communicated with Frederick Clep-
land, president of the Associated Clep-
lands, and I am anxious to induce the
men to emerge from their seclusion
and straighten out the firm's tangled
affairs."

WILL EXCHANGE
SCORES BY CABLE.

New York, April 19.—Fifty of the
leading marksmen of the country
will participate in an international
indoor rifle contest which will begin
today and continue until Saturday.
The match will become international
by means of the cable as results of
each day's shooting will be exchang-
ed every 24 hours with teams rep-
resenting Great Britain and Austra-
lia, much in the same manner as in-
ternational chess is conducted.

The Americans will try their skill
on the range of Skettler club in this
city, at Philadelphia, Washington and
Newark. The contest is to be held
under the auspices of the National
Rifle Association of America.

PORTO RICANS
SEEM PROSPEROUS.

New York, April 19.—Glaring re-
ports of Porto Rico and progress are
brought back by Major General Leon-
ard Wood, commander of the de-
partment of the east, who arrived
here yesterday after making an in-
spection of the army officers on the
island.

"I do not think I have ever seen
a more beautiful island than Porto
Rico is at present," said General
Wood. "It is my first visit to the is-
land and with Colonel Robert E. Lee
Howe, the new commander of the
troops there, I visited all sections of
the island. The people seemed to
be prospering."

General Wood said that Porto Rico
expected to profit by a record break-
ing sugar and tobacco crop.

HE HAS SCHEME
TO BREAK CORNER.

St. Louis, Mo., April 19.—Nat. L.
Moffitt, St. Louis Merchants' Ex-
change's second vice president, said:
"There are 5,500,000 bushels of No. 1
northern wheat at Duluth, where
the market today is three cents per
bushel lower than at Chicago. Navi-
gation was opened April 15th, and
this wheat can be shipped to Chicago
at a cost of two cents per bushel.
This wheat can be delivered to Pat-
ton apparently at small profit. If it
is delivered the latter part of May
it would be difficult for him to mar-
ket it at a profit then. I know on
good authority that a million and a
half bushels have already been sold
to be delivered to him, and indica-
tions are this plan will be tried to
break the corner."

DRIVER LEFT
THEM UNCONSCIOUS.

Pittsburg, April 19.—Charles F.
McClinton and H. B. Impoff, business
men, were probably fatally injured
today when an automobile in which
they were speeding on Grant boule-
vard ran into a pile of dirt. Mc-
Clinton is internally injured while
Impoff's skull is fractured. A third
man, supposed to have been a chauff-
eur, was injured at the same time,
but disappeared, leaving the two in-
jured men unconscious.

New York, April 19.—Having failed
to comply with the demand in sev-
eral so-called black hand letters to
deposit \$1,000 in a certain spot an
attempt was made early today to
burn the grocery store of Antonio
Adamo in West 58th street. But the
fire was discovered in time and ex-
tinguished before it had done much
damage although there was consid-
erable loss over the store. Oil soaked
cotton was used to start the fire.

SHE IS KNOWN

MRS. JIM BOYLE IS THE
DAUGHTER OF
PARENTS

Who Are Wealthy and Pros-
ecution Will Disclose
Her Identity

WHEN KIDNAPING
TRIAL IS PUT ON.

They Also Claim to Have
Proof to Establish Her
Connection

With Abduction, Including
Telegrams to Which
Miller Objects.

Merced, Pa., April 19.—That the
woman charged with the abduction
of little "Billy" Whittis from Shar-
on, last month, is not the wife of
James H. Boyle, but is the unmar-
ried daughter of a very wealthy
and respectable parents, whose char-
acter and standing are also above re-
proach, is what the state expects to
prove in the approaching trial of the
kidnapping cases. Detective I. V.
Kepler, who disappeared from Mer-
cer immediately after the recent visit
of Mr. and Mrs. H. C. Chouteau
Dyer, of St. Louis, has returned and
announcement has been made that
he has positively identified the wo-
man. Attorney Cochran, who repre-
sents Mr. Whittis in the prosecution,
has refused to allow the identifica-
tion to be made public but will en-
deavor to have it introduced at the
trial. Mr. and Mrs. Dyer, who par-
tially identified the woman as a maid
who left their employ about the
same time that \$6100 worth of Jew-
elry disappeared, will return, it is
said, as witnesses before the grand
jury at the trial.

Telegrams said to have been sent
by Boyle from Sharon to the woman
at Warren, Ohio, about the kidnap-
ing and from her at Warren to him
at Sharon, will be brought into evi-
dence to connect the woman with the
abduction. Western Union Tele-
graph Company officials at Warren
and Sharon will be subpoenaed to
produce copies of these messages and
testify regarding them. Counsel for
the defense are said to have ex-
pressed considerable dissatisfaction
because of the securing of the tele-
grams. Attorney Cochran also ex-
pects to show the woman's connection
with the abduction by proving that
it was planned during her visit
in Sharon with Boyle and that she
wrote the letter demanding the \$10,-
000 ransom, which was mailed by
Boyle in Sharon.

Court convened this morning with
Judge A. A. Williams on the bench.
The grand jury will be busy for sev-
eral days with other matters and the
abduction cases will not be pre-
sented to it before Thursday or Friday.
It is probable that if indictments are
returned an immediate trial will be
asked for by the state.

BURTON'S CHOICE
IS JIM GARFIELD.

Cleveland, O., April 19.—The tip
has gone forth from Senator Burton
that James R. Garfield, former cabi-
net member is to be the republican
candidate for governor.

"Garfield was when asked if he hoped
to be nominated, said:
"It will be a year before the next
republican state convention is held,
and it is too early to talk about the
matter."

Garfield denied he had any thought
of being a majority candidate. He
said he never had been a resident
of Cleveland, and, therefore, could
not very well seek the nomination.

"I have always lived in Mentor,"
he said. "I would not give up my
home there to run for mayor of Cleve-
land."

ZINC COMPANY
IN BAD STRAITS.

Iola, Kansas, April 19.—Upon ap-
plication of Alton B. Parker, acting
on behalf of the Trust Company of
America, trustees for the bondhold-
ers, J. O. Rogers has been appointed
receiver for the Lanyon Zinc com-
pany, one of the largest smelting
works in the world.

Mr. Rogers is president of the
Lanyon company. The petitioners
declare that there are outstanding
\$1,783,000 of the company's bonds,
on which there is defaulted interest
amounting to \$483,000. No interest
has been paid on the bonded debt
of the company, they declare, since
1905. The Lanyon company, it is
said, controls more than 40 per
cent of the zinc output of the world.
The concern holds stock in numer-
ous other companies, among the
largest of these being the Colorado
Zinc Mining company.

PUT THREATS
INTO EFFECT.

New York, April 19.—Having failed
to comply with the demand in sev-
eral so-called black hand letters to
deposit \$1,000 in a certain spot an
attempt was made early today to
burn the grocery store of Antonio
Adamo in West 58th street. But the
fire was discovered in time and ex-
tinguished before it had done much
damage although there was consid-
erable loss over the store. Oil soaked
cotton was used to start the fire.

EVERYONE IS CONFIDENT AROUND OHIO STATE CIRCUIT

Marion Fans Jubilant Over Showing of Manager O'Day's Squad.

LINKS CREATE HOPE IN FANS. Mansfield and Portsmouth Pleased With Material on Hand.

Marion, O., April 19.—With the season less than two weeks away, fans of Marion are jubilant over the great showing being made by the Diggs regulars and recruits and O'Day's grand claims are unstintingly endorsed by almost everyone who has watched the squad work.

Last year when the Diggers fell down so badly after keeping far away at the top of the heap for so long, Manager O'Day ascribed the principal reason to be the trouble that existed between the factions on the club. Ill feeling was evident even on the home field and of course was more pronounced abroad. The manager asked the directors to allow him to make a clean sweep and to enter the Ohio State league in 1905 with a club of his own making. This was given and O'Day has gathered a bunch of players, that will, barring accidents, come closer to making the flag than last year's team of heavy hitters.

Of last season's team, Tate, LaRue, Berk, Brown, Kauter, and others, have been kept by other clubs, while many more of the old ones were either traded or released.

In Johnston, E. Reilly, Bonia, and Anderson. Marion has a catching staff that is unequalled in the league. Johnston is slated for the regular work and the great work of Bonia with the stick is throwing and behind the bat means that Reilly and Anderson have trouble ahead of them to displace him. Bonia is a Bucyrus boy, a protégé of Henry Brynmair, the Mansfield catcher, and likely to become a far better catcher than his tutor.

On first base Marion will surely have a star. Staley, Armour's find, for whom he gave big \$4,000, the Newark wonder, and a large slice of money, has the inside track, but Donaldson, Roberts (the latter a product of Quarterback Hudson at the Carleton school) and Tuttle, a western leaguer who lives in Syracuse, will all give him a merry chase.

O'Day, who is plying in great form, is hitting better than ever, will be located at second and so good does he look to the local managers that he is the only candidate for championship. "Fish" Conwell, from the present viewpoint, seems to have the inside track for third base. The Columbus lad had only his size against him. Had he 25 or 30 more pounds and a little more height there would be no doubt about O'Day's choice. The little fellow is hammering the ball hard with the pitchers bending them across in mid-season style. He is hitting in a style that compares well with that of Wolfe, his fellow townsman. John Ball Williams, Farrell and Wilson form an outfield that cannot be excelled in the league. None of them has any opposition.

But taken all in all it is in the pitcher's box that the Diggers look best. With Jimmy Lucas, Leo Lewis, Meyer, and John Henry Myers, all veterans, the squad looks ready to open the season today. But perhaps some of the veterans will be crowded out by the hopefuls. Moore, the south paw; Gill and Whipple, Columbus boys; White, Schenckers, Hancock, Lester, Ed Frost, and a few others yet to report, are all thought to have something. Those named have reported and several have already made good impressions.

Links Make Pledge Honorable.

Laurens, April 19.—The showing made tonight by the Zanesville Central leaguers by the champion Links last week, and without any practice, has made them come up as being the best looking squad as representing the city last season, on the side of the pitching staff. Young pitchers were all that were used in these games, and there was found to be some pretty good talent among them. Cochran showed up well at Zanesville and let the Central leaguers down without a hit in six innings. Rattenbender, although light in weight, has shown considerable form, as has Pierce of New Lexington. Some arses are troubling a number of the twirlers at present. None of the old hands have let themselves out yet. Of this class there is Moeck and Hamilton, left-handers, and Locke and McBride, who are a pretty strong guard and look as good as any of the Ohio States.

The same old infield of Reynolds on first, Brown at second, Humphreys at short and Lallier at third, are fast getting in shape and will be found the same old hard proposition that they were in 1900 when the fielding work of the Leaguers' infield was the talk of the league.

Manager Fox has an array of talent for the outfield that is going to be a hard proposition to select from. In Hamilton, Carter, Teesby, Corbin, Lyons and Test there is excellent talent. All are as fast as lightning in the field, and no matter which three are selected, the Leaguers will have the fastest fielding outfield they ever had. Moffitt, who was a South-warmer for Portsmouth last season, is doing great work in the game and hitting like a stud. In the two Zanesville games last Wednesday and Thursday he was at bat six times and cracked out five hits, one a three-bagger and another good for two bases. He is showing more speed than last year. This last time he was out of a run at Zanesville that is, very well known. The pitcher made a peg to hold a runner on first and

well built player and a good hitter. The outfield will be an entirely new one, but at the same time it will be one which will be just as strong as last season's in hitting and stronger in fielding and base running. Goodrich, who was secured from Portsmouth and Gray, the Columbus youngster, have proved fast on the bases and in the field in practice. Red Clark, who was secured from the Clarkburg Penn-West Virginia league club, is a reliable outfielder, and Hunter, the Brooklyn recruit, is a hard hitter. With this quartet and Smith, Mansfield will have as strong an outfield as any club in the league.

CENTRAL LEAGUERS

Defeated by the Cigarmakers in Contest Sunday Afternoon.

LOCALS DREW NINE FREE BASES.

Pennypacker Prevented the Visitors From Bunch- ing Their Hits.

Superior team work and base running enabled the locals to register another defeat against the Grand Rapids team at San Police park Sunday afternoon, which was witnessed by about two thousand fans. The visitors landed on Pennypacker for eight safe bases, but could not hit at opportune times. They scored upon run in the second inning without a hit, when Ralphy made a wild throw in an attempt to catch Fisher napping, permitting Ralphy to cross the plate. The locals were active in fielding, Newham spitting what appeared to be a two-base hit on two occasions, and each was wild, giving free transportation to nine Cigarmakers during the contest. Following is the game in detail:

First Inning—Noblet flew out to Farrow, Keener put a slow one to Pennypacker and was retired at first, Menice hit to center for two bases and Bauer popped one up to Farrow. No runs.

Farrow walked, Newham bunted successfully, Fohl placed a safe one to second, killed the bases, Foutz reached first on batters' choice, and Farrow was forced out at the plate; Pink fanned, Sykes hit safe to short left, scoring Newham, Weller flew out to Keener. One run.

Second Inning—Ralphy was hit, Wetzel flew out to Pink, Fisher got in the way of a pitched ball, Pennypacker made a wild throw to first, allowing Ralphy to score. Fisher was caught stealing second, Bailey was retired on a grounder, Newham to Sykes. One run.

Anthony grounded one to Ralphy and was retired at first, Pennypacker hit safe to right, Farrow walked, Newham reached first on Noblet's error, Pennypacker scoring. Foutz reached first on batters' choice, Farrow dying at the plate. Wetzel to Bailey, Fink landed on batters' choice, and Newham was caught at third by Wetzel unassisted. One run.

PRINCE CHING

YUAN-SHI-KAI

KANG-YU-WEI

Peking, April 19.—Death alone seems now to be the only thing that will lift the ban of disgrace from Yuan Shi-Kai, who has been living in exile for some time. He was once a powerful factor in affairs concerning the China government and even now he looms up large in Chinese perspective. His enemies have been relentless, however, and it looks at present as if he is doomed to continued exile. His doom was signed and sealed by the Dowager Empress, but his great popularity made the Grand Council hesitate about executing him.

Portsmouth has the heavyweight battery of the league in pitcher Hudson and catcher Ragsdale. Hudson weighs 240 pounds and Ragsdale 200. Hudson is slow moving while Ragsdale carries his double century figure without an effort.

Hughie Tate has crowded the veteran Suter Sullivan to the bench and held down first for Louisville in the opening game of the A. A. with Columbus yesterday. Louisville thinks so well of Tate that they have placed him in fourth place in the batting order. Yesterday he failed to get a hit but only figured at bat twice and scored both times. He handled 17 chances without an error.

Hans Lobert is the new captain of the Reds. Moeller, Soffel and Kane, of the Pirates are slated for release. Gangel wants either Ragon or Savidge. Both will be retained by Griff.

The Reds have eight games on their home lot before hitting the road. The Cardinals follow the Pirates.

CONTEST CANCELLED

Rain Prevented Game With the Grand Rapids This Afternoon.

DAYTON WILL BE HERE TUESDAY.

Locals Will Play in the Gem City Wednesday and Thursday.

The game between the locals and the Grand Rapids team scheduled for Monday afternoon was cancelled, owing to the drizzling rain, which prevailed during the morning.

The Dayton Central league team will be here Wednesday to try their strength against the Ohio States, following which the locals will play in the Gem City Wednesday and Thursday.

It is anticipated that Captain Fohl will put the cannon to work the latter part of the week, as the move is stronger in numbers than needed for the local club. The weather has been unsatisfactory for training, and it has been difficult to get a line on the recruits, however, a fair line has been glimpsed, and it is a certainty that all of them cannot remain.

It is probable that the locals will play at Van Wert Friday, although the arrangements have not been completed.

SECOND PERIOD OF CONTEST OPENED TODAY--INTEREST INCREASING

Large Number of Ballots Cast Saturday.—Today's Issue Shows Standing of Candidates.—Contest Column Should be Watched Closely from Day to Day. Public Interest Aroused in This Mammoth Undertaking.

Success of Contest Assured. Closing of First Period a Splendid Success.—Each Coupon Clipped from the Times-Democrat, from Now On, Will Count One. Contest Manager Highly Pleased With the Result.

Last Saturday witnessed the largest vote that has yet been cast in the Times-Democrat Tour of Europe contest. Candidates and their friends from all the important towns of the county were busily engaged in looking after the interest and the advancement of their favorites. There were over one-half million coupon ballots cast, last Saturday; owing to the rules of the contest, which had not been observed by the candidates, (the rule applying to the casting of not over 100 coupon ballot nomination votes clipped from the paper in one single day) the Contest Manager had to cast aside several thousands votes. While this might seem to many an undue advantage taken of them it is one of the rules of the contest, and thus contest will be governed throughout by a set of rules giving each and every candidate an equal advantage.

Never before in the history of any contests given in this section of the state has there been such widespread interest taken. Special ballots were secured by each and every candidate in the race, and from this time on there is likely to be a radical change daily in the standing of the candidates.

Friday and Saturday there were dozens of calls for the paper, and requests as to the standing of the candidates from the different districts. It is now a daily question as to the standing of this or that candidate, and so eager are the candidates to obtain a standing in the front ranks, that they are exerting every energy to become leaders. This energy has brought out latent qualities in the different candidates that have caused the business fraternity to open their eyes in astonishment, to the different times or organizations that have been perfected by the candidates, and the different lines they follow to secure the coveted lead. Friends realizing that the favor they bestow on their favorite does not cost them anything, have given advice and encouragement on every hand, until the endless chain organization that has been

REAL BAD MEN

THREE OF THEM FROM TEXAS TAKEN OUT OF JAIL

At Ada, Okla., and Lynched by Posse of Good Citizens.

MOB ORGANIZED IN COMMERCIAL CLUB ROOMS AND PRISONERS LATER SUSPENDED FROM BARN RAFTERS.

Were Under Arrest for the Murder of A. L. Bobbitt, Once Marshal.

Ada, Okla., April 19.—Four prominent cattlemen were taken from the city jail here today and lynched by a mob of one hundred citizens. The victims are: J. B. MILLER, of Fort Worth, Texas; B. R. BURRELL, of Duncan, Okla.; JESSE WEST, of Canadian, Texas; JOE ALLEN, of Canadian, Texas. West and Allen are well-to-do Texans and large cattle owners.

The mob is said to have organized in the Commercial club rooms and marched to the jail at 3 o'clock this morning. One man stood guard at the prison and he was quickly overpowered and the four prisoners seized, taken to a nearby barn and hung from the rafters. The bodies were cut down about 9 o'clock today. There was little excitement during the lynching.

The men were held on a charge of complicity in the murder of former United States Marshal A. L. Bobbitt, near Ada, last February. Bobbitt was shot from ambush on his way home. An examining trial was held last Thursday, but no indictment was ever returned. Miller, one of the victims, leaves a wife in Fort Worth. He had killed six men in his time and was a "chum" of the late Pat Garrett, the famous man hunter and was with Garrett when he was killed at Las Cruces.

The mob was composed of many of the prominent citizens of the city and only a few were masked. The authorities were powerless to prevent the lynching as the early hour placed them at a disadvantage. The entire formation of the mob and lynching which followed was performed in the most methodical manner.

So intense was the feeling during the preliminary hearing of the men that Judge Brown prohibited the publication of the evidence. Burrell was a nephew of Miller and turned state's evidence against Miller and told of complete plans of West and Allen to murder Bobbitt a long time enemy of both. No arrests of the lynchers have been made.

The mob worked rapidly and quietly, nothing being known of the lynching until daylight.

"Bring a rope," the leader shouted and one by one the men were hanged. The mob effected an entrance to the jail by tearing down a high fence which enclosed it. As soon as all of the members of the vigilance party was inside the enclosure the leader pounded on the jail door.

"Sheriff, we mean business," he called to the officer inside. "You might as well go home, boys," the sheriff answered. "I will never open this door. Duty is duty. I am here to observe the law and protect these men."

For reply three or four sturdy members of the mob fell against the door, breaking it. Inside of the door one of the party dealt the sheriff a blow felling him. The mob then completed its work. Walter Peeler, aged 17 years, a nephew of Miller, confined in the jail for complicity in the murder was not molested by the lynchers. He turned state's evidence a week ago and was being held as a witness. The electric wire were cut by the mob prior to the hanging and the city thrown into complete darkness. But for this fact no one would ever have suspected that there had been a lynching.

Bobbitt was killed February 27, 1909. Near dusk he was driving in his wagon a few miles out of Ada. The shot which killed him was fired from ambush. The assassin mounted his horse and rode away. Bobbitt's

HOW TO GAIN HEALTHY FLESH.

Wm. M. Melville Advises Use of Samose.

While thinness may not be a disease, yet it is in reality a condition that needs attention. Under the nourishing power of Samose healthy, natural flesh will soon be attained. This remarkable flesh-forming food strengthens the system generally and builds up the fleshy tissues so that good, natural plumpness results.

An ounce of flesh is better than a pound of theory. Wm. M. Melville believes that the best possible demonstration of the flesh-forming powers of Samose is to have it tried by his customers, and to induce them to use it, he offers to pay for the Samose in case it does not give satisfaction. No stronger proof than this can be given of his faith in it.

He has seen hundreds who were weak, thin and scrawny become plump robust and strong, solely through the use of Samose.

If you are thin or in poor health, take advantage of this offer. You run no risk whatever, and the chances are 99 out of 100 that you will notice a gain in weight after using Samose for a week or ten days.

dead body was found the next day. There was no evidence save the shoes on the murderer's horse which had been removed a few miles from the crime. Miller and his companions were suspected of knowing who committed the crime.

Two weeks ago the prisoners were placed under arrest at Fort Worth for the murder, and brought to Ada for trial. Miller had his preliminary hearing last Friday and was held without bail. The authorities allege that Allen and West who were wealthy cattle men of Canadian, Texas, hired Miller to kill Bobbitt. Burrell paying Miller the money, Allen and Bobbitt were neighbor ranchmen and the trouble is alleged to have been due to an old disagreement.

THE WEATHER. Washington, D. C., April 19.—For Ohio: Showers this afternoon or tonight, cooler; Tuesday fair.

FITS WELL AT HOME.

Some parts of Governor Harmon's now famous speech at the Jefferson banquet in New York, are especially applicable to certain conditions right here in Ohio today.

No doubt the governor drew upon personal experience since the beginning of his administration for portions of his address in which he arraigned retrograde tendencies in the national government.

Take, for instance, the remark that the waste of economy has long been neglected or forgotten by federal officials, and the raising of salaries of public officials in the face of a large and growing shortage of revenues. How apt these words to conditions here at home in the conduct of our state affairs during recent years, down to and including the special session of the legislature this year.

With decreasing revenues and appropriations "cut to the bone," the state's budget for the year exceeds by \$1,000,000 the estimated income. Despite this admitted condition of affairs the legislature did nothing to meet the state's imperative needs in the immediate future.

By pointing out that Congress is deriving additional taxes upon the diminishing means of the people instead of seeking methods of retrenchment, the governor calls attention to the fact that our legislature neither sought methods of retrenchment nor provided the means for better enforcement of existing tax laws although repeatedly urged to do so.

By judicious use of the veto Governor Harmon cut off the raid upon county treasuries through an increase of the salaries of county recorders, and a like burden upon a number of cities in which it was intended to install police courts. The increase of a republican state official's salary he passed over without rejection or approval, merely letting it stand as an example of what a republican legislature would do.

Something of this must have been in the governor's mind when he said that if state officials would pursue such a course as Congress in pursuing they would be forever disgraced and would not dare to go home to their constituents.

Governor Harmon's arraignment of the federal government's course in building the Panama canal also has local application in Ohio. Sift his question as to whether anybody would believe that a state could be induced to spend hundreds of millions of dollars in building a canal when the people who are taxed to pay for it have no means of deriving a direct benefit therefrom, and you will comprehend the governor's purpose to find out why millions have been expended on the canals of Ohio without greater benefit to the people who have been taxed to produce these millions.

Governor Harmon also shrewdly the hypocrisy of tariff "revision" now in progress in Washington.

Even all in all, his Jefferson banquet speech in New York was as good for home consumption as for contemplation throughout the nation.

DEFICIT DOLLARS.

During the campaign of 1896 the republican newspapers and orators had a great deal to say about "cheap money."

They would not discuss the money question fairly then, and have never done so since.

The boob-poked the argument that the what the country needed was more money, and said all the people needed was a confidence.

They ridiculed the proposition to open the mints for silver on the same terms that the mints have been open to gold since 1873, and made jokes about the 16 to 1 ratio in existence then and in existence now.

They said with an air of great seriousness that Uncle Sam couldn't make a dollar out of 45 cents worth of silver, notwithstanding the fact that Uncle Sam was doing that very thing then and has been doing so ever since.

They said that the "intrinsic value" of a dollar must be the same as its "face value," and that the silver dollar ought to be as big as a cart wheel on account of the "commercial value" of silver.

attended to a discussion of the money question. The subject in view was the silver dollar, and the question of its value. The speaker showed that the silver dollar is not a thing of value, but a piece of paper. He said that the silver dollar is not a thing of value, but a piece of paper. WANTED A CASE OF ECZEMA

Dr. Taylor's Eczema Remedy

will positively cure it—the worst kind of eczema—or he will pay \$100.00. Sold by Wm. M. McDeville and all other first-class druggists.

Dr. Taylor's Eczema Remedy is a Philadelphia Pa. medicine. For nearly 20 years I suffered from Eczema, which assumed the appearance of dry white scales which covered my whole body.

At times the itching and burning was unbearable. In the morning I could gather up the scales in handfuls from the bed. I have tried every remedy I ever heard about. Doctors could not help me. Two months ago I commenced using Dr. Taylor's Eczema Remedy, and today I am practically cured.

HONOR WHERE DUE.

The common pleas judges of this judicial district, acted wisely, judiciously and without partisan bias, on Saturday afternoon, when by a unanimous vote Judge John N. Hutchison was designated as juvenile judge for a second term.

Some objection was raised by Judge Klingler, of the local bench, who asked for the appointment for himself. These objections it was disclosed had their foundation in a personal matter, and the other judges of the district declined to recognize them or to depart from the precedent which gives the juvenile judgeship to the presiding probate judge in each county.

In Ohio, Judge Klingler, after long debate, yielded, and himself made the motion to name Judge Hutchison, whose record as a handler of the young with wayward tendencies, he said had been one of credit to himself and for the best interests of the young coming before him.

That Judge Hutchison will do even better during his second term goes without saying. He is built that way—on broad and good lines, and in reaching his aims he will have the assistance of a force of deputies who are practically as much interested in the grand work of helping the children, as he is himself.

THE IDLER.

One more middle west pride has been shattered. A German sculptor who left Chicago in disgust, says that city is "weak on arts." His disgust was doubtless due to the art they displayed in separating him from his pennies.

Some of these days gravitation will take the place of the present levitation in the price of wheat.

George Borkley, the old veteran who was killed by an electric car at Ashville, a small village south of Columbus, on Friday last, was a brother-in-law of the Boyssell boys of this city, who left Sunday morning over the C. & E. to attend the funeral.

Mr. Borkley was a member of the 114th O. V. I., and his services to his country was long and faithful.

The following touching bit is from the Petaluma Courier: "Our Teddy is out on the ocean. Our Teddy is out on the sea. Our Teddy sails over the beam. Oh bring back our Teddy to us."

Have you heard of any more old doctors being placed in command of a warship since an Ohio man got to be president?

Man who started to write a novel using a penholder alleged to have been made from Edgar Allan Poe's coffin, says instead of inspiring him "it exerted a baleful influence over his thoughts and was guilty of weird pranks and hostile attempts to prevent him from writing." The lamented poet always was a good judge of copy.

Joseph Honer, who was beating his way through the east on a fast freight fell from the moving train here, and sustained some very bad bruises and cuts. Whitney's ambulance was called, and he was taken to the city hospital for treatment. Honer going east in an endeavor to find something to do.

The beauties of Fairport park have been sold over and over again. Each recurring season the park takes on new attractions and though a trifle early for real enjoyment the beauties of green grass was thickly dotted yesterday with visitors, and dozens of children ran here and there searching for spring flowers, even little two-year olds, toddled after their older brothers and sisters in search for the daisies, spring beauties and violets, though the latter are not showing their faces just yet.

The lake is filled to its banks with clear sparkling water and the swans are out, bathing and preening themselves, and as white as snow, a pleasing contrast to last autumn, when the poor things did not have enough matched.

Here's Important Style News

An Exposition of the New Art of Figure---Building and Demonstration of the Gossard Corsets is now Going on at Our Store---All This Week.

Offer a model for every figure. For the woman who is stout, there is a model which molds her form into perfect symmetry, while it discloses the long, graceful lines so fashionable today. For the slender figure we have equally correct models.

We ask you to visit our store during this exposition of Gossard Corsets. We have with us Mrs. Kline, an expert corsetiere, trained by the H. W. Gossard Co., who will insure you getting a perfect fit. She will have with her all the advance Gossard models. We'll be expecting you at least a part of one day this week.

Mr. Isaac Fisher, who was arrested with others at the Butler boarding house, called at this office this morning with credentials to show his connection with the Polytechnic Seminary at Danville, Ky., and his standing with educational men high in the affairs of the University of Chicago, Harvard, Yale, Ohio State, and other of the country's great institutions.

Among them were letters from bankers in his own home city, which gave him a splendid character, and spoke in words of praise for his institution and his work for it. His work takes him over the country soliciting scholarship and funds for the maintaining of the Seminary which now has over one hundred students, and a faculty of eight, all of whom are supported by Mr. Fisher, who last year raised over ten thousand dollars for that purpose by personal solicitation.

WOMEN AND WOMAN'S SUFFRAGE.

Do women want Woman's Suffrage? Those who are active in the movement say they do. Recently women of prominence have put forward the argument that they don't. The women of Lima and Northwestern Ohio are here given an opportunity to disclose what the real sentiment on this subject is. Herewith is attached a coupon. It will appear on this page every day for a week.

COUPON.

Do Women Want Woman's Suffrage? Here is a chance for women of Lima and Northwestern Ohio to vote on the question. Those who favor it will be working hard to prove their theory. Those who do not have this opportunity to show their opposition. Vote closes Sunday, April 24th. Last coupon in next Saturday's issue. Put a cross in front of the sentiment you hold on the subject:

RUMOR IS CURRENT

That Woman's Relief Corps Will Petition Council Tonight

FOR A RETURN TO OLD QUARTERS

And It Is Understood That New Post Will be Shortly Instituted.

It is said that among the various petitions to be presented to council tonight will be one signed by the members of Mart Armstrong W. R. C. which will ask for a reinstatement in the old quarters on the third floor of the city building. It is understood that the petition will ask for a lease of ten years, at a moderate rental, and if council approves of it both the Mart Armstrong Post and their auxiliary will both come back to the old rooms. Despite rumor to the contrary definite information is to the effect that a majority of the old officers are in favor of the removal from Memorial hall, and a division of the numerous branches of the patriotic orders.

In addition, it is said that owing to disagreement among the veterans the organization of a new Post may be an outcome of the present dissatisfaction. Dr. George Hall, as department commander of Ohio, would of course have authority to either sanction or veto such an arrangement.

TRAGIC ENDING WAS PREDICTED.

Monterey, Mexico, April 19.—Francisco Fardo, of Galena, who slew his young bride and then covered her body with the inscription, "I loved her with my finger in her own blood, committed suicide yesterday in prison by hanging himself. TEBERCULOSIS IN LIVE STOCK IS INCREASING

Raisers and Public Asked
to Help Stamp the
Disease Out.

SWINE UNPENNED ARE LESS LIABLE.

Plague is More Prevalent
Where Skimmed Milk
is Fed Them.

Washington, D. C., April 19.—Notwithstanding the fact that much has been said and written upon the subject of the eradication of tuberculosis in live stock and much work has been done in that direction, this disease is, without doubt, upon the increase.

The great agitation which has been going on for some time regarding meat and milk inspection has brought the question of tuberculosis before the public in a more direct manner than ever before, and it now occupies an important position in the minds of all reasoning people. Never, therefore, has the time seemed so favorable as at present for securing the indorsement and co-operation of the people in carrying out the work of eradication.

In an important movement of this sort it is imperative that it be sustained by public sentiment, for without such indorsement those who are selfishly interested generally place so many obstacles in the way as to frustrate any effort in that direction.

The general impression throughout the medical profession until recent years that human tuberculosis was conveyed principally through the medium of dust and by inhalation failed to interest that profession in any movement looking toward the eradication of the disease in live stock. The various recent articles showing the ease with which this disease can apparently be conveyed from the cattle to man has awakened the interest of the medical profession, and it is now ready to support any reasonable movement looking to the eradication of the disease from meat and milk producing animals.

Unhindered Hogs More Healthy.

The prevalence of tuberculosis among swine must be judged from abattoir statistics entirely. Thus it has been noted from the records kept by the bureau of animal industry that some sections of the country contribute a far greater portion of diseased animals than others.

Hogs from Arkansas, Oklahoma and Texas are remarkable free from this disease, due probably to the method of raising them, or the lack of caring for them. They are not hampered in feed lots as are those in the sections where the disease is mostly found, but are allowed to roam over large areas of pasture and to shift for themselves, and when they are found affected the majority of them show slight lesions.

Furthermore, no prolonged feeding is practiced in narrow bounds as in the corn belt. Lastly, there are relatively few dairies in these sections, and likewise few tuberculous cattle. The hogs of the forest region of Hungary, which are pasture fed, are likewise rarely tubercular, and there can be no doubt that swine fed on entirely vegetable food, as corn and roughage, are proportionately less affected than those fed on dairy products are behind diseased cattle.

A great many hogs raised in Texas are fed on alfalfa, supplemented with corn, and the result clearly shown in the bureau statistics which indicate that from Jan. 1 to June 30, 1927, only one-tenth of 1 per cent of over 325,000 hogs slaughtered at Wort Worth showed tuberculous lesions, while only 51, or 0.16 per cent, were condemned as unfit for food.

Many Affected with Disease.

In striking contrast to this may be given the percentages for the same period of three cities in one of the leading dairy states, which show 3.1 per cent, 3.4 per cent, and 6.4 per cent, respectively, of the hogs slaughtered to be affected with tuberculosis.

There are a large number of co-operative creameries in the territory contiguous to the territory alluded to, and the raw skimmed milk is taken home by the patrons for their hogs. Samples of separator slime from the two creameries in the town showing the largest number of tuberculous hogs were injected into guinea pigs, and in one instance virulent tubercle bacilli was recovered.

The hog buyers for packing houses are from bitter experience gradually becoming familiar with these conditions and are avoiding certain sections of certain states, and there are at least two eastern packers who will not under any conditions kill hogs from one of the badly infected states.

In other localities the packers are beginning to take self-protective measures so as to have the feeder of diseased hogs bear the burden, and many of the smaller establishments in the central west are buying hogs subject to postmortem inspection. This attack on the farmers' purse probably will have more beneficial results in making him fully alive to the seriousness of the situation than any other procedure.

Mark's Hogs for Experiment.

In an endeavor to trace the origin of tuberculous hogs that were arriving at one of the packing plants Mr. Rogers of the bureau of animal industry for some time carried on an experiment which consisted in tagging the hogs that were hauled to market at that place in wagons before they were removed from the farmers' wagons, and later using these same tags as means of identification in case tuberculosis was found to exist in any of the hogs at the time of slaughter.

In this manner 3,450 hogs were

tagged, and on tracing them to their final disposal it was learned that all of the tuberculous live stock brought to that market came from a few farms—less than 5 per cent of the total—while the remaining 94 per cent of the farms were free from the disease. This proportion of non-infected farms should give great encouragement to any efforts that may be made to eradicate the disease from the state.

It was further noted that the successive shipments of hogs marketed by certain farmers always contained tuberculous animals and in at least two instances the entire consignments were condemned for tuberculosis at the time of slaughter.

People past middle life usually have some kidney or bladder disorder that saps the vitality, which is naturally lower in old age. Foley's Kidney Remedy corrects urinary troubles, stimulates the kidneys, and restores strength and vigor. It cures uric acid troubles by strengthening the kidneys so they will strain out the uric acid that settles in the muscles and joints causing rheumatism. Enterprise Drug Store, M. M. Keltner, Prop.

"POP" ANSON

Furious Because His Sunday Game Was Stopped.

New York, April 19.—"Pop" Anson and his Chicago colts are indignant today because of police interference yesterday during a game at Manhattan field in the upper part of the city with a local team of semi-professionals. The officers stopped the game after six innings of play. Throughout the Bronx the police were active in suppressing Sunday ball playing, but this is said to be the first time that a game on Manhattan field has thus been broken up.

JOHN N. HUTCHISON

Designated as Juvenile
Judge by Judges of
Third District.

LONG SESSION
WAS REQUIRED

But Excellent Record Over-
balanced Objections
Registered.

The common pleas judges of the Third judicial district were in session in this city Saturday afternoon for the purpose of designating a juvenile judge of Allen county.

Juvenile Judge J. N. Hutchison.

Probate Judge John N. Hutchison has acted in that capacity during his term of office, and was up for re-appointment, but Judge Klunger offered as an objection to his being again designated, that owing to political affiliations, Judge Hutchison would appoint someone as probate officer, who would not properly discharge the duties of the office. This was easily disposed of by Judge Hutchison.

After discussion by all judges present, it was determined that Judge Hutchison be designated, and

the motion was made by Judge Klunger.

In making his objections to the appointment, Judge Klunger at no time questioned the efficient service of Judge Hutchison, for he could not do so. As juvenile judge, he has made an enviable record and the results of his efforts in correcting the wayward boys and girls who have come under his jurisdiction, have been so successful that it has been a matter of comment over the state.

MRS. HELENA KEIL IS DEAD.

A Loving Mother and Earnest Church Worker.

Mrs. Helena Hemley Keil died Saturday night at 10 o'clock at her home 423 north Pierce street, at the age of 64 years. She has lived in Lima for 16 years and has always been an earnest and faithful worker in the Market Street Presbyterian church. Mrs. Keil was born in Ashland, Ohio, Feb. 19, 1845, and has always lived a Christian life and through her influence for right living all along the way, especially in her home, as she was always unselfish and would rather give than to have things given her. Her children, Mrs. J. K. Yant, of 425 north Pierce; Mrs. W. H. Elliott, of Toledo; Mrs. S. R. Buchanan, of Urbana, O.; F. A. Keil, of Bowling Green, and C. D. Keil, of this city, mourn the loss of an ever kind and loving mother, but are consoled with the thought that she is not dead, but "Asleep in Jesus."

The funeral will take place Tuesday afternoon at 1:30 at the family residence. Interment will be in Woodlawn cemetery.

Monday and Tuesday Light and Conner will give a \$2.00 reduction on each tailored suit in their store. Beautiful new La Vogue styles.

EDHEM PACHA

LATE AUTHENTIC PORTRAIT OF ABDUL HAMID II

Constantinople, April 19.—Though a tentative cabinet has been formed by Tewfik Pacha, the new Grand Vizier, who was appointed after the recent military and popular demonstration against the Young Turk party, there is little probability that he will be able to form a cabinet having any prospects of permanency. Rifat Pacha is said to have definitely refused the Ministry for Foreign Affairs. Edhem Pacha has accepted the position of Minister of War. The Ministers chosen are:—
Grand Vizier—Tewfik Pacha.
Minister of War—Edhem Pacha.
Minister of Marine—Vice Admiral Adjem Pacha.
Minister of the Interior—Adil Bey.
Minister of Justice—Hasan Fehmi Pacha.
Among those killed during the troubles were Nazim Pacha, Minister of Justice, and Arslan, a Deputy. This evening Edhem Pacha, a new Minister of War, harangued the soldiers who ceased their fusillade and evacuated the square of St. Sofia and the Parliament. They returned to their barracks.

QUAKER BANK FAILS TO OPEN.

Lancaster, Pa., April 19.—The Quaker National Bank, of Lancaster, Pa., failed to open its doors today. It had a paid up capital of \$100,000. No statement of the bank's condition has been prepared, and the only information so far vouchsafed is that the institution had made considerable investments. These investments are understood to be connected with certain local investment enterprises, which the bank backed.
Washington, April 19.—It is stated at the office of the controller of the currency that the Little Bank recently met with heavy losses which greatly impaired its surplus and capital. At the date of its last report the bank had a capital of \$100,000, a surplus of \$21,000 undivided profits of \$8,774 and deposits of \$224,890.

Surprising What Kodol Will Do

For you, when you need it. But the longer you neglect indigestion the more you will suffer.
And, of course, indigestion if neglected long enough, brings on serious diseases in which Kodol cannot help you. Some of these there is no help for at all. There are, in fact, very few ailments which cannot be traced directly to impure blood. And impure blood is always due to a disordered stomach. Use Kodol and prevent nervous dyspepsia. Kodol will effectively assist nature to secure a complete restoration of good digestion. It does this by at once digesting all food in the stomach and keeping it digested until the stomach is rested and can resume its own work. Kodol removes the cause—and the effect quickly removes itself.
When it is recalled that Apoplexy, Heart Disease, Cancer—and even diphtheria—are due to poor digestion and poison thus transmitted to the blood, and throughout the system—the importance of maintaining good digestion is at once realized. We know what Kodol would do before even the first bottle was sold. If we did not know just what it will do, we would not guarantee it the way we do. Every tablespoonful will digest 24 pounds of food.
Our Guarantee. Get a dollar's worth of Kodol. If you are not benefited by it, we will refund your money. Don't hesitate. Any druggist will sell it for you. The dollar bottle contains 24 times as much as the 5¢ bottle. Kodol is prepared in the laboratories of E. C. D. Witt & Co., Chicago.

SHOWS SLIGHT GAIN

Operators in Lima Field
Putting Old Wells
in Shape.
**BUSY SEASON
IS EXPECTED.**
But One Small Well Completed in County During Week.

In the fields of northwestern Ohio, the spring weather has caused a noticeable increase in development work, with results that indicate a lively summer for the oil districts. In Wood, Hancock and Van Wert counties, the prospects are good for an unusually busy season as the wells completed during the past month have been of a fair caliber for old producing territory. Lessors have been busy during the winter months in Van Wert County, blocking up territory for a series of tests, as a result of the deeper pay found in that field last fall. Many Lima operators are interested in that field, and the majority of them have material on hand from abandoned wells, which will reduce the expense of operations to a great extent.

All efforts to develop more gushers in the Seneca county field have proven useless. The Toombs farm wells are still holding up with an average production of 50 barrels, but there seems to be no "pay streak" leading from them.
Should the market advance during the summer months, the work in Ohio would take on its old time form, as there is an abundance of undeveloped territory, which is reasonably sure to produce paying pumps, with a little better market. With the shut-in contemplated in Oklahoma, the older fields may be benefited this season, as the average oil man wants to be doing something at all times, and conditions do not warrant a continuance of development in the mid-continent field.

In Indiana there is a steady decline in development, due largely to the fact that there is so much salt water to contend with, and an absence of gas to operate pumping powers. Of the few completions in the Hoosier state, an average well of 28 barrels resulted, while in Ohio with three times the number of new wells, there is an average of 19 barrels.

Following is a summary of the work for the week in the Trenton rock and Illinois fields.

| County | Wells | Comp. | Prod. | Dry |
|----------|-------|-------|-------|-----|
| Wood | 6 | 220 | 0 | 0 |

The Door of Hope.
About one month ago the great need of a home for erring girls was brought before the people of our city. We wish to announce to the general public, that through their good will and confidence, we are able to open the doors of such an institution. The same is to be known as "The Door of Hope" located at 213 East Wayne street. \$625 has been collected for this purpose \$600 of which has been paid down for this property, and \$10.00 for expenses, which leaves \$24.20 in the treasury. We expect to pay \$30 per month to the Lima Loan Association, until the property is paid.
As the home is not yet furnished throughout, anything in the way of furniture and clothing will be greatly appreciated.
We heartily thank the public for their generous response. We believe this institution will be a "Door of Hope" where many a girl who has gone astray, may be led to a life of virtue and right. Our motto is "For whomsoever shall call upon the name of the Lord shall be saved." Rom. 10:13.

TARIFF ENOUGH TO MEET NEEDS.

Washington, April 19.—In opening the debate of the pending tariff bill today, Senator Aldrich, chairman of the committee on finance, assured the senate in most positive terms that the bill reported from the committee on finance would produce ample revenue for the government. He suggested that if by any possibility these estimates should prove to be incorrect, the duty of congress would be to "reduce expenditures and make them conform to actual revenue conditions and not to impose new and erroneous taxes."
Nearly every senator was present when Mr. Aldrich spoke and the closest attention was given him.

HOUSE IN SESSION ONLY FEW SECONDS.

Washington, April 19.—The house was in session for only five minutes today, the report of the conference on the census bill being sent to the senate. Several messages from the senate, including the return of the census bill were received. No action was taken on any of these matters. The conference report on the census bill will be taken up for consideration on Thursday next.

PETER HAINS CASE

Will Hold Boards for Few
Weeks During Which
Court and Jury
**TACITLY DECIDE
WHETHER OR NOT**
He Was Insane When He
Shot Annis.—Thaw Law-
yers on His Side.

Flushing, N. Y., April 19.—Insanity, both at the time of the killing of William E. Annis and since, was expected to be the chief point in the defense in the trial beginning today of Captain Peter C. Hains, Jr., charged with the murder of Annis, at the Bay Side Yacht Club on August 15 last. Counsel for the defense announced that they will attempt to prove that Captain Hains' mind was unbalanced by the stories of friendship of Mrs. Hains for Annis. Whether or not Mrs. Claudia L. Hains, wife of the defendant, would be called as a witness for the prosecution was not certain and much depended upon the decision on that point. Fifty witnesses were summoned for the defense.
The selection of a jury began before Justice Garrison at the opening of court. Captain Hains was brought over from the Queens county jail at Long Island City. He looked pale and worn and wore a heavy dark beard.
District Attorney Dewitt said before court opened that the prosecution would have about 25 witnesses and had retained three alienists to combat any testimony of insanity the defense might introduce. The district attorney said he had no formal promise of Mrs. Claudia Hains that she would testify for the people, but that she had left Boston and probably would be accessible, if wanted.
Mr. Dewitt is assisted in the prosecution by John Helmerington, first assistant district attorney of Queens county, and George A. Crigg, former district attorney.
John F. McIntyre, of New York; Eugene N. Young and Daniel O'Reilly who was an associate counsel for Harry Thaw, appeared for the defense.
The first twelve talesmen examined were excused. They all entered some opinion on the case or were opposed to capital punishment.
District Attorney Dewitt's examination of the talesmen was brief.
The defense examined each man at great length and it appeared from the line of examination that the defense intended to plead insanity.
Captain Hains was in court flanked on either side by his lawyers, Major Hains, his father, sat at the table with him.
His lawyers seemed unable to interest him in conversation and he sat part of the time with bowed head.
Several talesmen called were acquainted with members of the Bay Side Yacht Club and were challenged by the defense on that account.

THE STAGE.

"Parade." We have had a number of announcements of "the biggest show of the season" but the palm must certainly be awarded the Flower Mission who are heralding an entertainment at the Faurot next week that employs the services of a company numbering over 200 people. "Parade" is conceded by those who have been permitted to gather some information as to its character to be the biggest and most charming entertainment ever produced under local auspices. The Flower Mission has engaged Capt. Charles W. Eddy and his corps of assistants to superintend the gorgeous production and their bring with them a vast amount of special scenery, costumes and effects. Over two hundred of the flower of Lima's amateur talent are engaged in the brilliant numbers that go to make up the gorgeous spectacle. Lima society is unanimously represented in its list of patronesses, and last, but not least, the proceeds are to go to that sweetest of all our charitable organizations, the Flower Mission, whose work in connection with the Lima Hospital, needs no comment.
Capt. Eddy has given "Parade" in all the large cities of the country and something away out of the ordinary may be confidently expected. "Parade" is so big, so varied in its novelty and beauty that it is best described by quoting as follows from the Boston Herald:
"Parade" with its wealth of bright, animated faces, its artistic, beautiful costumes, its harmonious, melodious choruses, its lithe, graceful dancers, its appropriate, patriotic stage settings, its lively, merry music, its capable, pleasing soloists, its dainty, cute little ones, its well trained, handsome Hussars, its humorous, novel parades, its spangles and festoons and its general air of refinement and delicacy, was given its first presentation last night before an appreciative, applauding audience and made a decided hit. The program was splendidly carried out and the enthusiasm of the audience aroused by the opening tableau of Nations, gradually increased until it reached its climax in the magnificent closing drill of the Red Hussars and the gorgeous ensemble. There was a vim and confidence about each feature of the well-arranged program in striking contrast to the drag characteristic of home talent entertainments.
Seats are now selling for the series of entertainments, which run from Tuesday evening to a Saturday matinee.

Best Treatment for Colds.
"Most ordinary colds will yield to the simplest treatment," says the Chicago Tribune, "moderate laxatives, hot foot baths, a free perspiration and an avoidance of exposure to cold and wet after treatment." While this treatment is simple, it requires considerable trouble, and the one adopting it must remain in doors for a day or two or a fresh cold is almost sure to be contracted, and in many instances pneumonia follows. It is not better to pin your faith to an old reliable preparation like Chamberlain's Cough Remedy, that is famous for its cures of colds and can always be depended upon? For sale by all druggists.

**AWAITING WORD
AND GUN SOUND.**
List Included Choice of
Amateur Runners of
the Country.

Boston, Mass., April 19.—Heavy rain and a strong wind, won today's Marathon. Time (modest) 2:57.36.
Ashland, Mass., April 19.—Some two hundred entrants for the revival of the Boston Marathon, which awaited the word and gun which would send them off on the undulating road between this little hamlet and Boston, slightly less than 25 miles away. The weather and road promised well when dawn broke today. A wind, which during the early hours shifted several times, was expected to steady from the west.
Seldom has such a representative aggregation of runners competed in a marathon race as that which was gathered in the Ashland House today. Greeks, English, Irish and Canadians were represented, and the pick of the amateur runners in this country were in the ranks. The race will start at noon a mile west of the town, where the bridge crosses the railroad tracks. From here the runners had been instructed to follow the course, over which for thirteen years, athletes have competed.

Among those entered today were A. Roy Whelton, of Lawrence, Mass.; P. Morley, of Cambridge; Thomas P. Morley, of New York, winner of last year's Boston Marathon; Samuel A. Meeler, of New York; Fred Lorz, of New York, the latter two being also former winners. Lewis Tawanna, an Indian, of Carlisle, Pa.; Percy Fenraid, of Chicago; Peter Potos, of Athens, Greece; B. J. Nelson, of London, England; J. W. O'Mara, of Ireland; Anthony Higgins, of Montreal; Geo. F. Melnyoy, Joseph J. Gallagher and William T. Sannan, of Philadelphia, and Edward L. McTearan, of Worcester.

GERLACH APPOINTED.

Columbus, O., April 19.—The board of trustees of the Boys' Industrial Home at Lancaster, Pa., today elected Major Frank C. Gerlach, democrat, of Wooster, a veteran of the Spanish-American war, to succeed Col. C. B. Adams, of Delaware, as superintendent and secretary of the institution. This is the most important position given to any veteran of that service under the new democratic administration.

5 Suits at \$52.50 Each.

We have left just five of our very best models shown this season, worth regularly from \$60 to \$75 each, with fancy cut coats, both 2 and 3-piece models; materials are satin, solid, wide wale satin finish prunellas and wool bengalines, in ash rose, mahogany, plum, peacock and olive; priced low at \$52.50 each.

EXPRESS YOURSELF

That is Right Senator Dick Asks Constituents in This County TO EXERCISE BEFORE TOO LATE. Senior Law Giver Makes Use of This Paper to Reach People.

Senator Dick, who knows the merits of well placed advertising, writes us the following with the request that it be given publicity: To the Editor Times-Democrat: The tariff bill having passed the House, has just been reported out of the Senate Finance Committee and is now before the Senate. After it passes the Senate there will be no chance to amend it, inasmuch as the only matters in conference between the House and Senate will be the amendments made to the bill by the Senate, consequently all parties wishing to express themselves concerning this legislation, producers and consumers alike, should promptly acquaint their Senators with such information and opinions as would be of value in the

adjustment of schedules and provisions, especially those in which constituents may feel a special interest. Very truly yours, CHARLES DICK. Dr. J. E. Evans, dentist, has moved his office from Opera House block to Harper block, opposite Hotel Norval (west). apr-19-18 MASONIC NOTICE. Stated communication of Lima Lodge No. 295, F. & A. M., this evening. Work. D. I. WOODIN, W. M. WALLACE LANDIS, Sec. TWO FIRE FATALITIES. Upper Sandusky, O., April 19.—A neighbor found Joseph Thomas, aged 68, unconscious in a stump fire on his farm. He is presumed he fainted and fell in the fire. His death occurred at the same hour as Mrs. Benjamin Bopp, who was fatally burned by the explosion of a vat of oil.

SAD ERRAND Called Dr. Foltz to North Baltimore. Dr. T. H. Foltz, of west High street, was in North Baltimore yesterday where he attended the funeral services over the remains of his sister, Mrs. Mary Reid, of that city, who has long been ill with diabetes. Mrs. Reid has made many visits here and has many acquaintances in that city who will be grieved to learn of her death. Her husband died several years ago and also two children, only one son remaining. The service took place yesterday afternoon and five brothers and one brother-in-law carried the casket to the grave. Mrs. Reid was past sixty years of age, and had lived in North Baltimore for half that period, having spent her married life in that city. Taken as directed, it becomes the greatest curative agent for the relief of suffering humanity ever devised. It's Hollister's Rocky Mountain Tea, the surest remedy, 35c. per bottle. H. F. Vorkamp, druggist. NOTICE. All applicants for the County Soldiers and Sailors Relief in German Township will meet the committee at Elfin town hall the first Monday in May. A. A. MILLER, H. MILLER, J. APRIL TERM COMMON PLEAS COURT OPENED MONDAY MORNING

Grand Jury Charged, Retires for Investigations at 10 O'clock.

CHARGE OF MURDER IN LIST OF CASES.

Local Detectives Defendants in Damage Suits.—General News.

The April term of the Allen county common pleas court opened Monday morning at ten o'clock, when the grand jury was sworn and began their investigations. Twenty-two witnesses were subpoenaed for the day, and it is thought that the work now outlined will occupy the attention of the body for at least six days. In instructing the grand jury, Judge Klinger stated that in the list of cases to be considered, various alleged crimes would be brought up, including murder in the first degree, burglary and larceny and assault and battery. He defined the distinction between the three degrees of murder, and also that of burglary. The most important case to be considered by the jury is that of Frank Rogers, who waived examination in mayor's court on the charge of murdering Daniel W. Williams, and was held to await the action of the common pleas court. Rogers came to Lima several weeks ago with Williams, from Belle Center, Ohio, where they had been employed cutting timber. Upon their arrival in the city they purchased four quarts of whisky at the California Wine Co. and left the packages to be called for later in the day. At six o'clock in the evening Williams was found lying on the sidewalk, at the corner of West and Spring streets, with a knife wound in his neck, which resulted in death within a few minutes. About 7:30 o'clock Rogers appeared at the police station and asked for a night's lodging. Sergeant Racome was about to direct him to the Rescue Home, when he noticed the man's shoes were muddy and that he answered the description given of Williams' companion. Rogers appeared to be in a dazed condition and claimed to have no knowledge of Williams' whereabouts. A basket containing the packages of whisky, purchased at the Wine Co. store, was found near the spot where Williams was lying. At the coroner's inquest, Rogers stated that he had blood spots on the blade, which was found on West street the night of the murder, was similar to one he carried. The case appeared to be one of too much whisky and the defendant still maintains that he does not remember what occurred after he entered a saloon on the square in the afternoon of the fatal day. This case will undoubtedly be the first one considered by the grand jury.

day another and was dismissed until Tuesday noon. The case of W. A. Stepleton vs. Judson Harmon, as receiver of the C. H. & D. Ry., which was assigned for trial Monday, was settled out of court. The plaintiff sought to recover \$1,300 damages for a house which burned, claiming that the same was ignited by a spark from a passing locomotive on the C. H. & D. railroad.

Damage Suits. Isaac Fisher has filed suits against Detective Daniel M. Kelly and Chas. Billestein, seeking to recover \$5,000 from each for false imprisonment, and injury to his reputation. The petition states that on April 14, 1936, he was arrested and deprived of his liberty and was compelled to expend \$10 to secure his release.

The defendant was in the Butler restaurant on east Wayne street on the above date, when Officers Kelly and Billestein, arrested Z. Butler, and several others, who were in the place at the time, who were charged with resorting to a disorderly house. The cases have not been heard in mayor's court. Fisher was among those arrested.

Mr. Fisher is a colored gentleman from Danville, Kentucky, who came to this city with the best of credentials as a representative of the Polytechnic Seminary located in that place. In an interview this morning, he stated that he arrived in the city, and inquired the location of a colored boarding house or hotel, and was directed to the Butler place. He feels that his reputation has been injured, and claims that he was innocent of any misdemeanor.

Personal Injury. The case of John W. Crawford vs. Henry Groby is assigned for trial Tuesday. The plaintiff seeks to recover \$5,000 damages for personal injuries sustained through the alleged negligence of the defendant. The petition states that the plaintiff was employed at the bucket stove factory operated in this city by the defendant, and was directed to operate a buzz saw. He alleges that the saw was not equipped with proper safety appliances, and that he sustained the loss of three fingers off his right hand, while operating the same. To injury was sustained on February 18, 1936.

Decree Granted. Judge Klinger heard the divorce case of Jennie Folt vs. James Folt, this morning, and granted the plaintiff a decree on the grounds of willful absence.

Commissioners. The board of commissioners were in session this morning with the board of Van Wert county, on the Hanhorst joint county ditch.

Marriage Licenses. Arthur Rinabolt, 21, and Mollie E. Tabler, 16, both of Lima. Henry H. Crumer, 21, of Delphos, and Minnie F. Halter, 24, of Spencerville.

Monday and Tuesday Light and Conner will give a \$2.00 reduction on each tailored suit in their store. Beautiful new La Vogue styles.

If you could see what it has done for others, you'd not suffer another minute. Hollister's Rocky Mountain Tea has relieved thousands of hopeless cases of stomach, kidney, liver and blood troubles. 35c. per bottle. H. F. Vorkamp, druggist.

SOUTHERN TRAGEDY

Recalled by One Who Was Acquaintance and Admirer of Carmack.

COOPER'S VICTIM WAS IDOLIZED

By the Great Majority in the Southland Who Revere His Memory.

The shooting of Senator Carmack on the streets of Nashville by the Coopers, father and son, last summer, aroused intense feeling and much comment, both in the south and the more conservative north, where such acts are almost unheard of.

The trial following the tragedy, the testimony of both sides, and the final sentencing of the Coopers to 20 years imprisonment each, with bail granted for \$25,000 is still fresh in the minds of the newspaper readers of Lima.

Yesterday at the morning service of the First Baptist church a beautiful tenor solo was sung by a young man who was a stranger to the audience, and who proved to be the son of the new minister, Rev. Cambron. The young man, L. J. Cambron, sang at the memorial service over ex-Senator Carmack when thousands of his devoted friends and followers attended the last service. In addition young Mr. Cambron was connected with the Tennesseean at the time of the shooting, had a personal acquaintance with all the participants, and was assistant sergeant at arms of the senate.

In talking to a Times-Democrat reporter Mr. Cambron gave some interesting facts concerning the affair which stirred the whole country. An advertising manager of The Tennesseean, Mr. Cambron came into daily contact with the brilliant editor who, he says, was the cleverest and most versatile man he ever knew. Gifted with a vocabulary that was practically boundless, his utterances, while faultless in diction and rhetoric, could contain the most poisoned shafts. But it was seldom that his talents were used in this direction, and every man in the office loved him and revered him, as well as almost the entire population of Nashville, which mourned his death most sincerely.

Though Carmack died, the prohibition bill for which he worked so earnestly, and which was the indirect cause of his death, was passed by the legislature, and on the first of July becomes a law. It is an iron-clad document and even prohibits the manufacture of intoxicants in the state of Tennessee, where distilleries by the dozen are located. Mr. Cambron, through his position as sergeant at arms of the senate, is familiar with the action of the thirteen senators who ran away to the neighboring state of Kentucky that the election laws which were before that body might not pass because a quorum was lacking. Speaker Kinner, however, rushed the legislature through in spite of their absence, and they finally came sneaking back, like school children who had played truant. Young Cooper has lost everything

by his act. Bright prospects, good reputation and many friends, have gone down before the knowledge of his part in the tragedy, and the prevalent opinion in the south is that neither Cooper will live to enter the prison doors. Adherents of the victim have sworn vengeance, and it is only a matter of months, perhaps of weeks, until the denouement and the feud is as bitter as any waged in the old Kentucky mountains. The added ferocity that brilliant and clever minds are back of the hatred. Though Carmack was not fighting for the election, he was fighting for the republicanism. The fact that they had aided the democratic element in winning the cause was sufficient incentive to them to succeed in their own cause, and the mighty force of the editor and his power to sway his fellow men was brought into play to pass that legislation. As a sample of the power of an unusual over men's minds, the tremendous success of The Tennesseean during the months following the shooting might be mentioned. Before, it was hardly on a par with the other papers, but in two months and a half 50,000 had been added to the subscription list and advertising rates were raised to the top notch. The height of its prosperity, the stockholders parted with the shares which was purchased by a syndicate, Luke Lee, the president alone maintaining with the new board a complete house-cleaning, resigning and from editor down to printers, devil the old force were asked to resign and an entirely new set placed in their positions. In the meantime the residents of Nashville and the surrounding country are waiting with bated breath for the sequel of the tragedy, which their traditions, their own sentiments and their conception of what is right, pronounces the only fitting end to the struggle between the two aristocratic families. Mr. Cambron is a pleasing talker and his intimate connection with the participants in the struggle makes his remarks exceedingly interesting. The fact that he was in the city and possessed unusual ability, drew a large crowd to the Baptist church last night, that they might hear his excellent voice. He is in love with his work as advertising man and can evidently make good wherever he goes.
